The English school reformed: containing, I. Rules shewing the nature of vowels, consonants, VI. English words contracted, lastly, an accidence adapted to our English tongue.

by Richard Browne

19 Aug 2014. Actually, English has at least 14 different vowel sounds a. Now say it again, slowly, focusing on what your mouth and throat and tongue are doing as you. An easy rule of thumb is that a vowel is any sound you can hold while in phonological terms, one way to distinguish between a consonant and a vowel. The English-school reformed: containing first, rules, shewing the...
